Re: MB Docket No. 03-15
WTVQ-DT, Lexington, Kentucky (Facility ID No. 51597)
FCC File No. BPCDT-19991025ADD
Supplement to Request for Waiver of July 1, 2005
Replication/Maximization Deadline

Dear Ms. Dortch:

On behalf of Media General Communications, Inc. ("Media General"), permittee of television station WTVQ-DT (Lexington, Kentucky) (the "Station"), we hereby supplement Media General's June 30, 2005 request for waiver of the Commission's July 1, 2005 replication/maximization interference protection deadline. In its June 30, 2005 letter, Media General requested that the Commission waive the July 1, 2005 interference protection deadline for the Station through and until August 31, 2005, by when construction is expected to be completed.

By this letter, Media General notifies the Commission that construction has been completed. On July 19, 2005, Media General filed a letter with the FCC notifying it that the Station had commenced program test operations, and on July 28, 2005, Media General filed a covering license application with the FCC (File No. BLCDT-20050728AMX). As a result, the June 30, 2005 request for waiver of the July 1, 2005 replication/maximization interference protection deadline is no longer necessary.

Respectfully submitted,

/s/ Scott S. Patrick
